CIRCULAR

1st June 2009

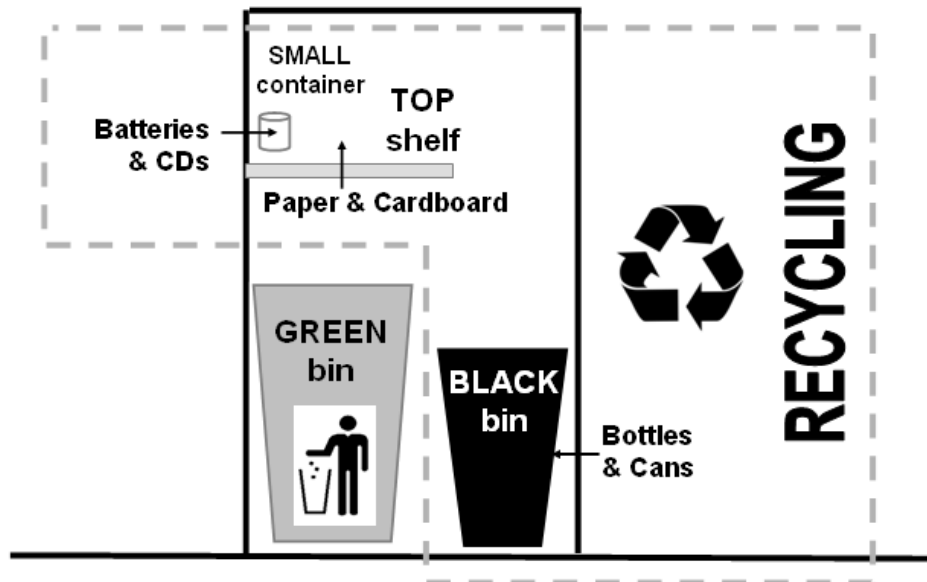

To : All Owners & Residents
 Seri Raja Chulan Condominium

Re : Recycling

We wish to encourage all Owner and/or Residents to practice good recycling habits and have provided additional disposal bins for this purpose. This will also be a help to the cleaners.

We would appreciate if you could **separate** the recycling items from the non-recyclable wastes and dispose them at the designated refuse bins as given below.

Descriptions	Refuse bins
Paper & Cardboard	Top Shelf
Bottles & Cans (of any kind)	Black Bin
Batteries & CDs	Small Container
Non-Recyclable Waste	Green Bin

We are pleased to attach the list of recyclables for your reference and further action.

For your information, it takes a long time for waste to decompose. The table below shows the waste decomposition rate for different items.

WASTE DECOMPOSITION RATE	
<i>Items</i>	<i>Decomposition time</i>
Styrofoam	Not composed
Plastic bottle	1 million years
Disposable diaper	500-600 years
Aluminium tin	200-500 years
Steel	80-100 years
Leather shoes	40-50 years
Wood	10-15 years
Stocking	1 year
Clothes	5 months
Newspaper	1 month
Banana peel	3-4 weeks

Let's help save mother earth together. Recycle whenever you can.

Your kind cooperation and support is much appreciated.

Thank you.

Yours faithfully,
for and on behalf of
Seri Raja Chulan Management Corporation

William Chong
Building Manager
